

FISCAL NOTE

HB 300 - SB 699

February 11, 2005

SUMMARY OF BILL: Provides definitions of Radio Frequency Identification (RFID) technology. Provides that any goods sold using Radio Frequency Identification must bear a label that states in a conspicuous type, size and location in a print that contrasts with the background against which it appears that the goods contain or bear a radio frequency identification tag and transmit unique identification information. Failure to provide label on such goods would be an unfair or deceptive act or practice under the Tennessee Consumer Protection Act.

ESTIMATED FISCAL IMPACT:

Increase State Expenditures – Not Significant

Assumption:

- No additional personnel or resources would be required by the Division of Consumer Affairs.

CERTIFICATION:

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.

A handwritten signature in black ink, appearing to read "James W. White". The signature is fluid and cursive, with the first name "James" written in a smaller, more compact script than the last name "White".

James W. White, Executive Director
